Dialysis Services	If members are referred to an out-of-network provider for dialysis services, advance notification is required for the purposes of steerage to a network dialysis center to avoid high cost-shares to our members even when they may have out-of-network benefits. Advance notification is not required for end-stage renal disease when a Medicare customer travels outside of the service area. Note that your agreement with us may include restrictions on referring members outside the UnitedHealthcare® network.
